

NOTES FOR DDCI

19 February 1964

1. Re Senator Dodd's speech, Paul Chretien will be keeping a close watch on press play. John Warner has sent up a copy of the Congressional Record. I gather from those who were there that there was almost no one on the floor when Dodd made his speech. Senator Proxmire of Wisconsin was there and got into an exchange with Dodd. Proxmire complimented Dodd on the speech and said he thought it would be useful if Cannon and Russell would consider some sort of generalized annual report to the Congress.

Warner suggests to you that the Agency reprint the Dodd speech and forward it to all field stations "for their info and possible boost in morale."

2. Ray Cline reports that he had a lunch date with [redacted] a young TIME staffer on 13 February. [redacted] says TIME's story on the USSR will be coming out next week. It will include data on the Soviet economy.

[redacted] wanted to know all about Ray's trip. Ray gave him a detailed rundown of his mission in [redacted] and on various aspects of the French recognition problem. According to Ray: "In view of Harriman's and Bundy's view that this story should get out, I gave [redacted] a fairly accurate account of the French recognition affair."
